The Alabama Impaired Driving Enforcement Program will be conducting training on Recognizing

TRAINING DATES:  
TRAINING TIMES:  
TRAINING SITE:

This course is designed for law enforcement officers about recognizing impaired drivers. The course covers the signs and symptoms of impairment, the use of field sobriety tests, and the use of breathers. It also covers the use of video cameras and the use of breathers.

At the conclusion of this course, participants will be able to identify the signs and symptoms of impairment, administer field sobriety tests, and use breathers. They will also be able to use video cameras and breathers.

### Topics Include:

- x Recognizing signs and symptoms of impairment
- x Impairment clues presented by drivers
- x How to use video cameras and breathers
- x Fieldsobriety tests
- x How to investigate document and prepare effective cases for prosecution

### Audience:

This course is designed for law enforcement officers who are interested in improving their skills in recognizing impaired drivers. It is suitable for both new and experienced officers.

### Course Length:

The course is approximately 4 hours long.

Registration is required. Contact the Alabama Department of Transportation for more information.
